## Network for the Group

---

We are as strong as the network that we utilize. Be sure to use your networks and relationships to help further the group and our projects that benefit others.

Let us know if you have someone who can be an asset or a contact to help us complete our projects better or more efficiently. Getting approvals for projects through the proper chain of command can sometimes be expedited by who you know.

Do what you love in the name of the Lions and be willing to call on others to further our causes.

Represent us well in your words and actions with non-members so we may be able to call upon them for help in our projects or even recruit more members.

Many hands makes light work...and helps us to accomplish more!

# All Members

---

This education and enrichment series is for ALL our members. Current Lions should review the information so they can help orient new members to the ideals and projects of Lionism and our club while rededicating to the same lessons and beliefs asked of us when we joined.
